

## CITY HEIGHTS ACADEMY

33 Abbots Park

London

SW2 3PW

## We are a new Secondary Academy school in your area....

### Dear local shopkeeper,

After a very successful opening year in Somerleyton Road, City Heights Academy has now opened in our brand-new building in Abbots Park, Tulse Hill.

We have 110 year 8 students (11-12 yr old), 180 year 7 students and we will grow each year until we have students from 11-18 years old by 2020.

We have a languages specialism and a focus on Spanish in connection with Spain and Latin-American countries. If you are from Spain or Latin America it would be great if you could come in to talk to our students about your country.

We aim to become an outstanding school for our community in Lambeth and one of our key vision statements is: -

***to establish positive and fruitful relationships with our local and global communities.***

I have told all of our students that they should expect to be ambassadors for our academy. This means that I expect them to be courteous, calm and confident in the street and in local shops.

I hope that you will enjoy many positive meetings with our students. We would be very happy to get this feedback at [admin@chea.org.uk](mailto:admin@chea.org.uk) if this is the case.

However, if any of our students do cause concern to you, please either email us or call us on 020 3691 4600 to let us know. You will recognise our students by their uniform shown on the right-

Many thanks. I look forward to getting to know you over the coming years,

Jim Henderson

Principal  
City Heights E-ACT Academy
